Ski Sheet

REF: SKISH01

DESCRIPTION

The Ski Sheet is widely accepted as a vital aid in the rapid evacuation of non-ambulant patients from hazardous situations. The Ski Sheet is located permanently and unobtrusively under the mattress and does not interfere with bed making in any way. Suitable for use with medical, surgical, psychiatric and geriatric patients the evacuation sheet is instantly available in emergency situations, cocooning the patient in both the mattress and bed clothes.

Fits most hospital beds.

FEATURES

- 2 person operation
- Works in conjunction with a bed
- Does not interfere with bed making
- Patient firmly secured by tensioning cross straps
- No lifting required
- Can be used down stairs with bed mattress

EVACUATION
